Whether it's a sensational custom paint job or a quality standard finish, make sure you finish off with a Meguiar's show car shine. Meguiar's Compounds, Polishes, Waxes and Buff Pads are the choice of many of Australia's top bodyshops.

And it's not only the top bodyshop owners who specify Meguiar's, many of the world's leading car makers work with Meguiar's on paint correction issues at their assembly plants and at the dealership level.

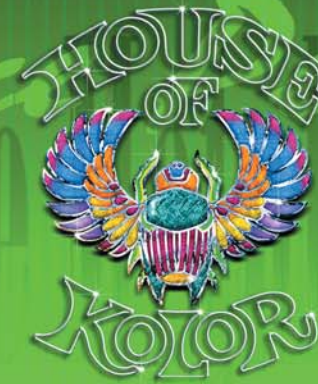

For street or show, Meguiar's professional and retail products deliver a show car shine.
